“A Design & Construction Market Place”

ABOUT THE SERVICE

A supply chain partnership platform designed to perpetually integrate the construction industry direct workforce with Professional, Specialty Contractors, Material Suppliers, Project Owners/Clients and other industry partners through a membership program.

The Value Lead Partner (VLP) is a critical stakeholder in the construction Industry. Partnering with the VLP provides unlimited opportunity to collaborate, effect change and improve on the way projects are executed. This reduces waste and creates value. Members classified under this group are Owners/Clients and prime contractors.
